

West Highland Line to Oban First Scotrail Station Improvement

Old Waiting Shelter at Taynuilt

New Waiting Shelter Taynuilt

New Waiting Shelter Dalmally

WAITING SHELTERS

As part of the National Station Improvement Programme, CPMS were awarded the contract by First Scotrail to replace the waiting shelters at Dalmally and Taynuilt to improve facilities for school children.

The project comprised of the following elements:-

- Removal of the old waiting shelters.
- Break out and install new concrete bases and associated drainage.
- Provide electric power to new shelters tied into existing platform lights.
- Installation of new reduced maintenance stainless steel waiting shelters.
- Installation of new cycle hoops.
- Works completed on time and budget with no issues.
