Refurbished booking office and house

Extensive wood rot to roof timbers had to be renewed

Refurbished internal booking office

REFURBISHMENT OF HELSEY BOOKING OFFICE

As part of the National Station Improvement Programme, CPMS were awarded the contract by Network Rail to undertake the full internal and external refurbishment of the listed booking office at Helsby.

The project comprised of the following elements:-

- External timber repairs on roof
- complete re-slate
- stone work replacement to chimney and walls
- Bespoke door and window repairs were carried out sympathetically to match the buildings original features.
- New ground floor
- Lime plaster work
- New toilet and kitchen
- Full electrical re-wire
- Replace decorative coving
- Full gas installation and central heating

The station house was also refurbished to the same standard and on completion of the project the building has been shortlisted for a Heritage award.
