

First Scotrail Station Improvement

New TVM's at Stirling Station.

New TVM at Whifflett.

TICKET VENDING MACHINES (TVM'S)

As part of the National Station Improvement Programme.

CPMS assisted Scheidt and Bachman in the installation of new Ticket Vending Machines for First Scotrail at various locations.

The project comprised the following elements:-

- Installation of cables and ducting.
- Installation of new concrete bases where necessary.
- Assist in the installation and commissioning of the TVM's.
- Works completed on time and budget with no issues.
