

Electrician apprenticeships are available.

TRADE APPRENTICESHIPS

CPMS can offer subject to demand and availability, a formal apprenticeship in most of the trade disciplines.

The number and discipline availability varies from year to year and would be dependent on existing apprentices in employment and contractual work load.

Placements comprise of the following elements:-

- Real on site work experience in desired discipline.
- Formal and informal training.
- Working with designated tradesperson.
- Minimum age to apply is 16 years
- Mature candidates may also be considered for Apprenticeships.
