Commercial Property Maintenance Services Ltd

CPMS supporting youth Football Team through provision of club strips.

ABOVE: CPMS staff raising much needed charity funds.

BELOW: Participating in a charity fundraising day.

**COMMUNITY DEVELOPMENT
THROUGH SPONSORSHIP, YOUTH
DEVELOPMENT AND
GIVING BACK**

CPMS has a good track record of involving local people and communities in and around the areas that we work in, by engaging in projects involving local football and rugby teams along with selected charity work, use of local facilities eg. lodging, plant hire, material supply and hiring local labour for larger projects.

Our office staff at a charity fundraiser helping to raise much needed funds for various good causes and charity work.

Raising funds can be done in many ways. In this example CPMS contributed towards the hire of the go carts and prizes. This allowed other service providers and clients to be brought together to meet and compete in a fun day out. Other examples are family fun days, fun runs, and sporting activities.
